

CONTOUR RAIL GLUED

Contour Rail glued - hanging without drilling

Looking for a compact hanging rail that 'disappears' in a room? Contour Rail offers the solution: the rail can also be mounted to the ceiling using glue. Thanks to the special design, the glue may be applied in and on the profile in the desired manner. When the Contour Rail is glued and painted in the same colour as the wall, it becomes inconspicuous while still offering all the advantages of a flexible hanging system: the ability to hang and move pictures without damaging the walls.
